

# Enrichment Classes

Partnering with Varsity Tutors for Schools, students can now enroll in hundreds of Enrichment Classes taught by expert instructors. Explore everything from coding to art to game design and more!

**Beginning Coders**  
Wednesdays, 3-4PM (ET)

Learn the basics of coding with Python. This class is designed for students who are new to coding and want to learn the fundamentals of programming. You will learn how to write code, run programs, and debug errors. By the end of the class, you will be able to create simple games and applications.

Varsity Tutors

**Chess**  
Wednesdays, 3-4PM (ET)

Learn the rules and strategies of chess. This class is designed for students who are new to chess and want to learn the basics of the game. You will learn how to move pieces, capture pieces, and checkmate. By the end of the class, you will be able to play a full game of chess.

**Adventures in Art**  
Wednesdays, 3-4PM (ET)

Explore the world of art through various mediums. This class is designed for students who are interested in art and want to learn the basics of drawing, painting, and sculpture. You will learn how to use different materials and techniques to create your own artwork. By the end of the class, you will be able to create a variety of art projects.

**Introduction to Spanish**  
Wednesdays, 3-4PM (ET)

Learn the basics of Spanish. This class is designed for students who are new to Spanish and want to learn the fundamentals of the language. You will learn how to speak, write, and understand Spanish. By the end of the class, you will be able to communicate in Spanish.
