Parent Consent for Evaluation and Data Collection

Date _____

Parent(s)/Guardian Name

Re: Child's Name _____

Dear Parent(s):

You have requested that the above-named child be considered for Early Admission to Kindergarten. The early admission process involves the gathering of information from your child's pre-school (if applicable), and screening by Millburn's kindergarten team. This data will be used to make a recommendation regarding early entry to kindergarten.

Consent for Evaluation

Please sign and return the consent form to the Millburn Elementary School office to the attention of the superintendent. The evaluation process cannot proceed until this form is signed and returned.

- Yes, I give my permission for my child to be screened by the kindergarten team.

- Yes, I give permission for my child's current pre-school to be contacted. I understand that my child's pre-school teacher will be asked to complete an observation form and that a member of Millburn's early admission team will be conducting an observation of my child in the pre-school setting.

- My child does not attend pre-school, so I understand that I need to furnish a letter of recommendation from someone who know my child well and is not related to my child.
