INDEPENDENT AUDITOR'S REPORT

To the Board of Education Millburn Community Consolidated School District No. 24 Wadsworth, Illinois

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of

Millburn Community Consolidated School District No. 24

as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used, and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Millburn Community Consolidated School District No. 24 as of June 30, 2017 and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Schedule of Changes in the Employer's Net Pension Liability and Related Ratios, Schedules of Employer Contribution, Schedule of the Employer's Proportionate Share of the Net Pension Liability, and budgetary comparison information on pages 6 through 11, and 40 through 54 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Millburn Community Consolidated School District No. 24's basic financial statements. The supplemental information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplemental information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the basic financial statements. Such information, except for the average daily attendance figure included in the computation of operating expense per pupil and per capita tuition charges, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 12, 2017 on our consideration of Millburn Community Consolidated School District No. 24's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and

compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Millburn Community Consolidated School District No. 24's internal control over financial reporting and compliance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Education Millburn Community Consolidated School District No. 24 Wadsworth, Illinois

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of

Millburn Community Consolidated School District No. 24

as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise Millburn Community Consolidated School District No. 24's basic financial statements, and have issued our report thereon dated October 12, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Millburn Community Consolidated School District No. 24's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Millburn Community Consolidated School District No. 24's internal control. Accordingly, we do not express an opinion on the effectiveness of Millburn Community Consolidated School District No. 24's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control which we consider to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Millburn Community Consolidated School District No. 24's financial statements are free from material misstatement, we performed

tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MILLBURN COMMUNITY CONSOLIDATED SCHOOL DISTRICT NO. 24

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2017

The Management's Discussion and Analysis of Millburn Community Consolidated School District No. 24's (District) financial performance provides an overall review of the District's financial activities for the year ended June 30, 2017. The management of the District encourages readers to consider the information presented herein in conjunction with the basic financial statements to enhance their understanding of the District's financial performance.

Financial Highlights

- The assets and deferred outflows of resources of the District exceeded its liabilities and deferred inflows of resources at June 30, 2017 by \$908,565 (net position). Of this amount, \$(11,089,101) (unrestricted net position) may be used at the District's discretion and has not been restricted for specific purposes.
- The District's total net position increased by \$3,738,256.
- At June 30, 2017, the District's governmental funds reported combined ending fund balances of \$1,014,265, an increase of \$1,014,498 in comparison with the prior year. This is due to the District lowering expenses over last year. Of this, \$(420,326) is unassigned fund balance.
- At June 30, 2017, the unassigned fund balance for the General Fund was \$(191,520).

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-Wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the District's assets and deferred outflows of resources, less its liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The Statement of Activities presents information showing how the District's net position changed during the fiscal year being reported. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements present the functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities). The District has no business-type activities; that is, functions that are intended to recover all or a significant portion of their costs through user fees and charges. The District's governmental activities include instructional services (regular education, special education, and other), supporting services, operation and maintenance of facilities, and transportation services.

The government-wide financial statements can be found on pages 12 and 13 of this report.

Fund Financial Statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into two categories: governmental funds and fiduciary funds (the District maintains no proprietary funds).

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains seven individual governmental funds. Information is presented separately in the governmental fund Balance Sheet and in the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances for the General; Operations and Maintenance; Debt Services; Transportation; Illinois Municipal Retirement/Social Security; Capital Projects Funds and Fire Prevention and Safety Fund, all of which are considered to be major funds.

The District adopts an annual budget for each of the funds listed above. A budgetary comparison statement has been provided for each fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 14 through 18 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the District. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the District's own programs. The accounting used for fiduciary funds is much like that for the government-wide financial statements.

The basic fiduciary fund financial statement can be found on page 19 of this report.

Notes to the Financial Statements. The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The notes to the financial statements can be found on pages 20 through 39 of this report.

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's progress in meeting its obligation to provide, as fully adequate as possible, educational services and extracurricular activities to all of its residents' students.

Required supplementary information can be found on pages 40 through 54 of this report.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$908,565 at the close of the most recent fiscal year.

The following table presents a summary of the District's net position for the years ended June 30, 2017 and 2016:

Millburn Community Consolidated School District No. 24's Net Position at Year-End

| | Governmer | ntal Ac | tivities |
|---|---|---------|--|
| | FY 2017 | | FY 2016 |
| Assets | | | |
| Current and Other Assets | \$ 16,577,433 | \$ | 15,139,359 |
| Capital Assets | 25,485,299 | | 25,425,565 |
| Total Assets | \$ 42,062,732 | \$ | 40,564,924 |
| Deferred Outflows of Resources | \$ 655,346 | \$ | 729,496 |
| Liabilities Long-Term Liabilities Outstanding Other Liabilities | \$ 26,085,053 1,566,993 | \$ | 29,711,326 1,349,999 |
| Total Liabilities | \$ 27,652,046 | \$ | 31,061,325 |
| Deferred Inflows of Resources | \$ 14,157,467 | \$ | 14,238,788 |
| Net Position Net Investment in Capital Assets Restricted Unrestricted | \$ 11,270,733 720,407 (11,082,575) | \$ | 9,356,021 1,392,887 (14,754,601) |
| Total Net Position | \$ 908,565 | \$ | (4,005,693) |

The net investment in capital assets (1,241% of total net position) represents assets such as land, buildings, and equipment, less any related debt used to acquire those assets that is still outstanding. The District uses its assets to provide educational services and extracurricular activities for the students of the local community. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the District's net position (80%) represents resources that are subject to external restrictions on how they may be used. The remaining balance is unrestricted net position \$(11,089,101).

At the end of the current fiscal year, the District is able to report positive balances in all categories of net position, except the unrestricted.

The District's net position increased by \$3,738,256 during the current fiscal year. Substantially all of this increase represents the degree to which increases in ongoing revenues exceeded similar increases in ongoing expenses.

Governmental Activities. Governmental activities increased the District's net position by \$3,738,256. Key elements of this increase are as follows:

| | Governmental Activities | | | | | | | | | |
|------------------------------------|-------------------------|-------------|----|-------------|--|--|--|--|--|--|
| | | FY 2017 | | FY 2016 | | | | | | |
| Revenues: | - | | | | | | | | | |
| Program Revenues | | | | | | | | | | |
| Charges for Services | \$ | 935,117 | \$ | 1,225,072 | | | | | | |
| Operating Grants and Contributions | | 7,117,852 | | 4,883,014 | | | | | | |
| Capital Grants and Contributions | | 106,487 | | - | | | | | | |
| General Revenues: | | | | | | | | | | |
| Property Taxes | | 13,590,148 | | 13,130,468 | | | | | | |
| Other Taxes | | 20,753 | | 18,790 | | | | | | |
| Other | | 3,324,568 | | 2,848,567 | | | | | | |
| Total Revenues | \$ | 25,094,925 | \$ | 22,105,911 | | | | | | |
| Expenses: | | | | | | | | | | |
| Instruction | \$ | 8,404,678 | \$ | 8,439,306 | | | | | | |
| Support Services | | 6,918,012 | | 7,087,910 | | | | | | |
| Other | | 6,033,979 | | 5,557,912 | | | | | | |
| Total Expenses | \$ | 21,356,669 | \$ | 21,085,128 | | | | | | |
| Increase in Net Position | \$ | 3,738,256 | \$ | 1,020,783 | | | | | | |
| Net Position - Beginning | | (4,005,693) | | (5,026,476) | | | | | | |
| Net Position Adjustment | | 1,176,002 | | - | | | | | | |
| Net Position - Ending | \$ | 908,565 | \$ | (4,005,693) | | | | | | |

On-Behalf Payments increased \$2,096,938, which was the main factor of the increase in the Operating Grants and Contributions. Also, the District saw increased property tax and grant revenue over the prior year.

The majority of the increase in expenses was due to the \$2,096,938 increase in the On-Behalf Payments, offset by an overall decrease in the District's Instruction and Support expenses.

Financial Analysis of the District's Funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the District's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the District's seven governmental funds reported combined ending fund balances of \$1,104,265, an increase of \$1,014,498.

The General Fund is the chief operating fund of the District. At June 30, 2017, unassigned fund balance was \$(184,994). The General Fund's balance increased by \$1,265,449 in comparison with the prior year. This increase is mainly due to an increase in state aid revenue and property taxes in addition to a slight decrease in expenditures.

The Operations and Maintenance Fund's balance increased by \$195,790 in comparison with the prior year. This increase is due to an increase in the property tax revenue and rental income reported in the current fiscal year and transfers from other funds of \$54,583.

The Capital Projects Fund's balance decreased by \$593,330 in comparison with the prior year. This decrease was due to expenses incurred for the District's lighting project and the paving/landscaping project in the current fiscal year of approximately \$1,060,000 offset by grant and local income of \$326,782 and a transfer from another fund of \$150,000.

The Fire Prevention and Safety Fund's balance increased by \$61,686 in comparison with the prior year. This is the first year that property taxes were levied in this fund, which accounted for approximately \$69,000 in revenue.

The Debt Services Fund, Transportation Fund and the Illinois Municipal Retirement/Social Security Fund had minimal changes in fund balance during the current year.

General Fund Budgetary Highlights

The District amended the budget on June 26, 2017 for the year ended June 30, 2017.

Significant differences between budgeted and actual revenues and expenditures are summarized as follows:

• The difference between budgeted revenues and actual revenues was \$2,433,119 (favorable) and the difference between budgeted expenditures and actual expenditures was \$1,497,678 (unfavorable) and were both due to an increase in On-Behalf Payments.

Capital Asset and Debt Administration

Capital Assets. At June 30, 2017 the District had invested \$25,485,299 (net of accumulated depreciation) in a broad range of capital assets, including land, building and building improvements, site improvements and infrastructure, capitalized equipment, vehicles, and construction in progress. Total depreciation expense for the year was \$817,337.

Millburn Community Consolidated School District No. 24's Capital Assets at Year-End (net of depreciation)

| | Governmental Activities | | | | | | | | | |
|--------------------------------------|-------------------------|------------|----|------------|--|--|--|--|--|--|
| | | 2017 | | 2016 | | | | | | |
| Land | \$ | 826,414 | \$ | 826,414 | | | | | | |
| Construction in Progress | | 39,939 | | - | | | | | | |
| Building and Building Improvements | | 23,068,969 | | 23,741,267 | | | | | | |
| Site Improvements and Infrastructure | | 597,421 | | 302,145 | | | | | | |
| Capitalized Equipment | | 900,259 | | 497,873 | | | | | | |
| Vehicles | | 52,297 | | 57,866 | | | | | | |
| Total | \$ | 25,485,299 | \$ | 25,425,565 | | | | | | |

Major capital asset events during the current fiscal year included the following:

- Lighting project \$424,540
- Paving/landscaping project \$340,887
- Chiller replacement \$230,171

Additional information on the District's capital assets can be found in note 3 on pages 25 and 26 of this report.

Long-Term Debt. At June 30, 2017 the District had \$23,469,074 in outstanding debt.

Millburn Community Consolidated School District No. 24's Outstanding Debt

| | Governmen | ital Activi | ties | | | | |
|---|------------------|-------------|------------|--|--|--|--|
| Bonds and Notes Payable Accreted Interest Total | 2017 | | 2016 | | | | |
| Bonds and Notes Payable | \$ 14,214,566 | \$ | 15,643,692 | | | | |
| Accreted Interest | 9,254,508 | | 10,565,381 | | | | |
| Total | \$ 23,469,074 | \$ | 26,209,073 | | | | |
| | | | | | | | |

The decrease in debt was mainly due to the first payment on the 2004 bonds.

Additional information on the District's long term debt can be found in note 4 on page 26 of this report.

Economic Factors and Next Year's Budget

The assessed valuation 2016 is \$224,408,790, an increase of \$8,709,633 (4.04%) over the prior year.

Requests for Information

This financial report is designed to provide the District's citizens, taxpayers, parents, students, investors, and creditors with a general overview of the District's finances, and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the District at the following address:

MILLBURN COMMUNITY CONSOLIDATED SCHOOL DISTRICT NO. 24 FUND FINANCIAL STATEMENTS RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES YEAR ENDED JUNE 30, 2017

Net Change in Fund Balances - Total Governmental Funds

Change in Net Position of Governmental Activities

\$ 1,014,498

\$ 3,738,256

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeds depreciation expense in the current period.

| capital outlay exceeds depreciation expense in the current period. | | |
|---|---|-----------|
| Depreciation Expense Capital Outlays | \$ (817,337) 1,134,545 | 317,208 |
| In the Statement of Activities, only the gain or loss on the sale of capital assets is reported, whereas in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the undepreciated balance of the capital assets sold. | | |
| Gain/(Loss) on Sale of Capital Assets | | (257,474) |
| Repayment of bond and capital lease principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in | | 1,429,126 |
| governmental funds. Pension Expense Amortization of Bond Premiums Accreted Interest OPEB Obligation | \$ (428,412) 90,920 1,310,873 (26,337) | 947,044 |
| Employer pension contributions are expensed in the fund financial statements but treated as a reduction in the Net Pension Liability on the government-wide financial statements. | _ | 287,854 |

MILLBURN COMMUNITY CONSOLIDATED SCHOOL DISTRICT NO. 24 NOTES TO FINANCIAL STATEMENTS JUNE 30, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Millburn Community Consolidated School District No. 24's (District) accounting policies conform to generally accepted accounting principles as applicable to local education agencies.

The District's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The most significant accounting policies established in GAAP and used by the District are discussed below.

A. Reporting Entity

The accompanying financial statements comply with the provisions of GASB Statement No. 14, *The Financial Reporting Entity*, in that the financial statements include all organizations, activities, and functions that comprise the District. Component units are legally separate entities for which the District (the primary entity) is financially accountable. Financial accountability is defined as the ability to appoint a voting majority of the organization's governing body and either (1) the District's ability to impose its will over the organization or (2) the potential that the organization will provide a financial benefit to, or impose a financial burden on, the District. Using these criteria, the District has no component units. In addition, the District is not included as a component unit in any other governmental reporting entity as defined by GASB pronouncements.

B. Basic Financial Statements – Government-Wide Financial Statements

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund (reporting the District's major funds) financial statements. Both the government-wide and fund financial statements categorize all of the primary activities of the District as governmental activities. The District does not have any business-type activities.

In the government-wide Statement of Net Position, the governmental activities column (a) is presented on a consolidated basis, and (b) is reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables, as well as long-term debt and obligations. The District's net position is reported in three parts – net investment in capital assets; restricted net position; and unrestricted net position. The District first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the District's functions. The functions are also supported by general government revenues (property taxes, personal property replacement taxes, grants and contributions not restricted to specific activities, unrestricted investment earnings, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating, and capital grants. Program revenues must be directly associated with the function (regular programs, special education programs, payments to other districts and governmental units, etc.). Operating grants include operating-specific and discretionary (either operating or capital) grants, while the capital grants column reflects capital-specific grants.

The net costs (by function) are normally covered by general revenues (property taxes, personal property replacement taxes, grants and contributions not restricted to specific activities, unrestricted investment earnings, etc.).

The District does not allocate indirect costs.

This government-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities.

C. Basic Financial Statements – Fund Financial Statements

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses.

The emphasis in fund financial statements is on the major funds. Nonmajor funds by category are summarized into a single column. GASB No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues, or expenditures of all governmental funds) for the determination of major funds. The District electively made all governmental funds major funds.

The following fund types are used by the District:

1. Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the District:

<u>General Fund</u> – The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. The Educational, Tort and Working Cash levies are included in this fund.

<u>Special Revenue Funds</u> – The Special Revenue Funds (Operations and Maintenance Fund, Transportation Fund, and Illinois Municipal Retirement/Social Security Fund) are used to account for the proceeds of specific revenue sources that are restricted, committed, or assigned to expenditures for specified purposes other than debt service or capital projects.

<u>Debt Services Fund</u> – The Debt Services Fund is used to account for financial resources that are restricted, committed, or assigned to expenditures for the periodic payment of principal, interest, and related fees on general long-term debt.

<u>Capital Projects Fund</u> – The Capital Projects Fund (Capital Projects Fund and Fire Prevention and Safety Fund) is used to account for financial resources that are restricted, committed, or assigned to expenditures for the acquisition or construction of major capital facilities.

2. Fiduciary Funds

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support District programs. The reporting focus is on net position and changes in net position and is reported using generally accepted accounting principles.

The District's fiduciary fund is presented in the fiduciary fund financial statement by type (agency). Since by definition these assets are being held for the benefit of a third party (student organizations) and cannot be used to address activities or obligations of the District, these funds are not incorporated into the government-wide statements.

The following is a description of the fiduciary fund of the District:

<u>Agency Fund</u> – The Agency Fund (PTO/Student Activity Fund and Flexible Spending Account Fund) accounts for assets held by the District as an agent for the student organizations, PTO, and employees. These funds are custodial in nature and do not involve the measurement of the results of operations. The amounts due to student organizations, PTO, and employees are equal to the assets.

D. Basis of Accounting

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

Accrual

The governmental activities in the government-wide financial statements and the fiduciary fund financial statements are presented on the accrual basis of accounting. Property taxes are reported in the period for which levied. Other nonexchange revenues, including intergovernmental revenues and grants, are reported when all eligibility requirements have been met. Fees and charges and other exchange revenues are recognized when earned and expenses when incurred.

Modified Accrual

The governmental funds' financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year-end. Property tax revenues are recognized in the period for which levied provided they are available. Intergovernmental revenues and grants are recognized when all eligibility requirements are met and the revenues are available. Expenditures are recognized when the related liability is incurred. Exceptions to this general rule include principal and interest on general obligation long-term debt and employee vacation and sick leave, which are recognized when due and payable.

E. Cash and Cash Equivalents and Investments

Separate bank accounts are not maintained for all District funds. Instead, the funds maintain their uninvested cash balances in common bank deposit accounts, with accounting records being maintained to show the portion of the common bank account balances attributable to each participating fund.

Occasionally certain of the funds participating in the common bank accounts will incur overdrafts (deficits) in the account. Such overdrafts in effect constitute cash borrowed from other District funds and are, therefore, interfund loans which have not been authorized by School Board action.

No District fund had a cash overdraft at June 30, 2017.

The District has defined cash and cash equivalents to include cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments are stated at fair value. Fair value is determined by quoted market prices. Gains or losses on the sale of investments are recognized as they are incurred. The District has adopted a formal written investment and cash management policy.

F. Receivables

All receivables are reported net of estimated uncollectible amounts.

G. Prepaid Items

Certain payments to vendors that reflect costs applicable to future accounting periods are recorded as prepaid items in both government-wide and fund financial statements.

H. Inventories

No inventory accounts are maintained to reflect the values of resale or supply items on hand. Instead, the costs of such items are charged to expense when purchased. The value of the District's inventories is not deemed to be material.

I. Interfund Activity

Interfund activity is reported either as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund, and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental funds are netted as part of the reconciliation to the government-wide financial statements.

J. Capital Assets

Capital assets purchased or acquired with an original cost of \$2,500 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date of donation. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Building and Building Improvements 50 years
Site Improvements and Infrastructure 20 years
Capitalized Equipment 5-10 years
Vehicles 5 Years

K. Deferred Outflows and Inflows of Resources

In addition to assets and liabilities, the balance sheet(s) and statement(s) of net position will sometimes report separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period and therefore will not be recognized as an outflow of resource until then. Deferred inflows of resources represent an acquisition of net position that applies to a future period and therefore will not be recognized as an inflow of resource until that time.

L. Compensated Absences

Vacation benefits are granted to employees in varying amounts to specified maximums depending on tenure with the District. Vacations are usually taken within the fiscal year. The entire compensated absences liability is reported on the district-wide financial statements. For the governmental funds, the current portion of the compensated absences is the amount that is normally expected to be paid using expendable available resources. These amounts are recorded in the fund from which the employees who have accumulated vacation leave are paid.

M. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds on a straight-line basis. Bond issuance costs are reported as debt service expenditures. Bonds payable are reported net of the applicable bond premium or discount and deferred losses on refunding.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

N. Government-Wide Fund Net Position

Government-wide fund net position is divided into three components:

- Net investment in capital assets consists of the historical cost of capital assets less accumulated depreciation and less any debt that remains outstanding that was used to finance those assets.
- Restricted net position consists of net position that is restricted by the District's creditors (for example, through debt covenants), by the state enabling legislation (through restrictions on shared revenues), by grantors (both federal and state), and by other contributors.
- Unrestricted net position all other net position is reported in this category.

O. Governmental Fund Balances

Governmental fund balances are divided between nonspendable and spendable.

Nonspendable fund balances are balances that cannot be spent because they are not expected to be converted to cash or they are legally or contractually required to remain intact.

The spendable fund balances are arranged in a hierarchy based on spending constraints.

- Restricted Restricted fund balances are restricted when constraints are placed on the use by either (a) external creditors, grantors, contributors, or laws or regulations of other governments or (b) law through constitutional provisions or enabling legislation.
- Committed Committed fund balances are amounts that can only be used for specific purposes as a result of a resolution of the Board of Education. Committed amounts cannot be used for any other purpose unless the Board of Education removes those constraints by way of resolution. Committed fund balances differ from restricted balances because the constraints on their use do not come from outside parties, constitutional provisions, or enabling legislation.
- Assigned Assigned fund balances are amounts that are constrained by the District's intent to be
 used for specific purposes, but are neither restricted nor committed. Intent is expressed by an
 appointed body (e.g. a budget or finance committee) or official to which the Board of Education has
 delegated the authority to assign, modify or rescind amounts to be used for specific purposes.
 - Assigned fund balances also include (a) all remaining amounts that are reported in governmental funds (other than the General Fund) that are not classified as nonspendable, restricted or committed, and (b) amounts in the General Fund that are intended to be used for a specific purpose. Specific amounts that are not restricted or committed in a special revenue, capital projects, or debt services fund are assigned for purposes in accordance with the nature of their fund type. Assignment within the General Fund conveys that the intended use of those amounts is for a specific purpose that is narrower than the general purpose of the District itself.
- Unassigned Unassigned fund balance is the residual classification for the General Fund. This
 classification represents the General Fund balance that has not been assigned to other funds, and
 that has not been restricted, committed, or assigned to specific purposes within the General Fund.
 Unassigned fund balance in the General Fund also includes amounts levied and/or borrowed for
 working cash. This classification is also used to represent negative fund balances in special
 revenue funds, the Debt Services Fund, and capital projects funds.

The District permits funds to be expended in the following order: Restricted, Committed, Assigned and Unassigned.

P. Property Tax Calendar and Revenues

Property taxes are levied each calendar year on all taxable real property located in the District on or before the last Tuesday in December. The 2016 tax levy was passed by the Board on December 12, 2016. Property taxes attach as an enforceable lien on property as of January 1 of the calendar year and are payable in two installments early in June and early in September of the following calendar year. The District receives significant distributions of tax receipts approximately one month after these dates.

Q. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 2 - DEPOSITS AND INVESTMENTS

Deposits with financial institutions are fully insured or collateralized by securities held in the District's name.

The District is allowed to invest in securities as authorized by the <u>School Code of Illinois</u>, Chapter 30, Section 235/2 and 6; and Chapter 105, Section 5/8-7.

NOTE 3 - CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2017 was as follows:

| | | Balance luly 1, 2016 | Increases | Decreases | | Balance June 30, 2017 | | |
|---|----|-------------------------|-----------------|-----------|-----------|--------------------------|---------------|--|
| Governmental Activities | _ | raiy 1, 2010 | inoreases | | 200100000 | | 1110 00, 2017 | |
| Capital Assets not being depreciated | | | | | | | | |
| Land | \$ | 826,414 | \$ - | \$ | - | \$ | 826,414 | |
| Construction in Progress | | - | 39,939 | | - | | 39,939 | |
| Total Capital Assets not being depreciated | \$ | 826,414 | \$ 39,939 | \$ | - | \$ | 866,353 | |
| Other Capital Assets | | | _ | | _ | | | |
| Building and Building Improvements | \$ | 33,614,909 | \$ - | \$ | - | \$ | 33,614,909 | |
| Site Improvements and Infrastructure | | 690,830 | 347,176 | | - | | 1,038,006 | |
| Capitalized Equipment | | 4,654,314 | 747,430 | | 1,023,269 | | 4,378,475 | |
| Vehicles | | 111,381 | _ | | | | 111,381 | |
| Total Other Capital Assets at historical cost | \$ | 39,071,434 | \$ 1,094,606 | \$ | 1,023,269 | \$ | 39,142,771 | |
| Less Accumulated Depreciation for | | | | | | | | |
| Building and Improvements | \$ | 9,873,642 | \$ 672,298 | \$ | - | \$ | 10,545,940 | |
| Site Improvements and Infrastructure | | 388,685 | 51,900 | | - | | 440,585 | |
| Capitalized Equipment | | 4,156,441 | 87,570 | | 765,795 | | 3,478,216 | |
| Vehicles | | 53,515 | 5,569 | | | | 59,084 | |
| Total Accumulated Depreciation | \$ | 14,472,283 | \$ 817,337 | \$ | 765,795 | \$ | 14,523,825 | |
| Other Capital Assets, Net | \$ | 24,599,151 | \$ 277,269 | \$ | 257,474 | \$ | 24,618,946 | |
| Governmental Activities Capital Assets, Net | \$ | 25,425,565 | \$ 317,208 | \$ | 257,474 | \$ | 25,485,299 | |

Depreciation expense was charged to functions as follows:

| Governmental Activities | |
|--|---------------|
| Regular Programs | \$ 26,505 |
| Other Instructional Programs | 4,819 |
| Instructional Staff | 150,196 |
| General Administration | 32,127 |
| Operations and Maintenance | 565,812 |
| Transportation | 6,426 |
| Food Services | 24,096 |
| Central | 7,356 |
| Total Governmental Activities Depreciation Expense | \$ 817,337 |

NOTE 4 - LONG-TERM LIABILITY ACTIVITY

Long-term liability activity for the year ended June 30, 2017 was as follows:

| | Balance July 1, 2016 | Ad | dditions | R | etirements | Jι | Balance une 30, 2017 | [| Amounts Due Within One Year |
|---|-----------------------------|----|----------|----|------------|----|-------------------------|----|-----------------------------------|
| Governmental Activities | | | | | | | | | |
| Bonds and Leases Payable | | | | | | | | | |
| General Obligation School Bonds, Series 1999 | \$ 84,145 | \$ | - | \$ | 84,145 | \$ | - | \$ | - |
| General Obligation School Bonds, Series 2004B | 9,909,547 | | - | | 1,344,981 | | 8,564,566 | | 1,486,454 |
| General Obligation School Bonds, Series 2012 | 5,650,000 | | - | | - | | 5,650,000 | | - |
| Accreted Interest | 10,565,381 | | - | | 1,310,873 | | 9,254,508 | | 1,418,301 |
| Total Bonds and Leases Payable | \$ 26,209,073 | \$ | - | \$ | 2,739,999 | \$ | 23,469,074 | \$ | 2,904,755 |
| Other Long-Term Liabilities | | | | | | | | | |
| Net Pension Liability - IMRF | \$ 1,618,300 | \$ | - | \$ | 212,756 | \$ | 1,405,544 | \$ | - |
| Net Pension Liability - TRS | 682,398 | | 141,215 | | - | | 823,613 | | - |
| OPEB Obligation | 25,553 | | 26,337 | | - | | 51,890 | | - |
| Unamortized Bond Premium | 425,852 | | - | | 90,920 | | 334,932 | | 90,920 |
| Total Other Long-Term Liabilities | \$ 2,752,103 | \$ | 167,552 | \$ | 303,676 | \$ | 2,615,979 | \$ | 90,920 |
| Governmental Activities | | | | | | | | | |
| Long-Term Liabilities | \$ 28,961,176 | \$ | 167,552 | \$ | 3,043,675 | \$ | 26,085,053 | \$ | 2,995,675 |

Long-term debt consisted of the following at June 30, 2017:

| | Date of Issuance | Maturity Date | Interest Rate | Face Amount | Carrying Amount |
|---|---------------------|------------------|------------------|-----------------|------------------------|
| General Obligation School Bonds, Series 1999 | 5/1/1999 | 12/1/2016 | 4.40% - 5.30% | \$ 9,326,744 | \$ - |
| General Obligation School Bonds, Series 2004B | 5/1/2004 | 6/1/2024 | 3.25% - 5.00% | 15,984,547 | 8,564,566 |
| General Obligation School Bonds, Series 2012 | 5/1/2012 | 1/1/2020 | 2.00% - 4.00% | 5,775,000 | 5,650,000 |

At June 30, 2017, the annual debt services (excluding accreted interest) requirements to cover all outstanding debt are:

| Year Ending June 30 | Principal | Interest | Total |
|---------------------|------------------|------------------|------------------|
| 2018 | \$ 1,486,454 | \$ 1,719,546 | \$ 3,206,000 |
| 2019 | 2,606,562 | 889,438 | 3,496,000 |
| 2020 | 3,630,000 | 145,200 | 3,775,200 |
| 2021 | 1,694,306 | 2,415,694 | 4,110,000 |
| 2022 | 1,711,576 | 2,728,424 | 4,440,000 |
| 2023 | 1,716,466 | 3,078,534 | 4,795,000 |
| 2024 | 1,369,202 | 3,805,798 | 5,175,000 |
| | \$ 14,214,566 | \$ 14,782,634 | \$ 28,997,200 |

Various bond issues have been defeased by creating separate irrevocable trust funds. New debt was issued and the proceeds have been used to purchase U.S. government securities that were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded debt. As a result, the 2004 bond issue is considered to be partially defeased and the liability for the amount refunded on these bond issues has been removed from the District's liabilities. At June 30, 2017, a total of \$5,620,000 of defeased debt is still outstanding.

NOTE 5 - INTERFUND LOANS

There were no interfund loans at June 30, 2017.

NOTE 6 - DEFICIT FUND BALANCE

The Operations and Maintenance Fund had a deficit fund balance of \$228,806 at June 30, 2017.

NOTE 7 - PROPERTY TAXES

Property taxes receivable and unavailable revenue recorded in these financial statements are the 2016 tax levy. The unavailable revenue is 100% of the 2016 tax levy net of estimated uncollectible amounts. These taxes are unavailable as only a portion of the taxes are collected near the end of the fiscal year and the District does not consider the amounts to be available and does not budget for their use in fiscal year 2017. The District has determined that 100% of the amounts collected for the 2015 levy are allocable for use in fiscal year 2017. Therefore, 100% of the amounts collected for the 2015 and prior levies (\$13,590,148) are recorded in these financial statements as property tax revenue. A summary of the assessed valuations and extensions for tax years 2016, 2015, and 2014 is as follows:

| ASSESSED VALUATION | 2016 \$224,408,790 | | | 2015 ,699,157 | 2014 \$204,195,002 | | | |
|----------------------------|-----------------------|---------------|--------|------------------|-----------------------|---------------|--|--|
| | Rate | Extension | Rate | Extension | Rate | Extension | | |
| Educational | 3.3399 | \$ 7,495,000 | 3.4307 | \$ 7,400,002 | 3.5000 | \$ 7,146,825 | | |
| Special Education | 0.3743 | 840,000 | 0.3900 | 841,227 | 0.4000 | 816,780 | | |
| Operations and Maintenance | 0.5500 | 1,234,239 | 0.5500 | 1,186,345 | 0.5500 | 1,123,073 | | |
| Bond and Interest | 1.4429 | 3,238,062 | 1.3888 | 2,995,660 | 1.2964 | 2,647,211 | | |
| Transportation | 0.2674 | 600,000 | 0.1397 | 301,383 | 0.2656 | 542,291 | | |
| Municipal Retirement | 0.0446 | 100,001 | 0.1483 | 319,804 | 0.1520 | 310,289 | | |
| Social Security | 0.0697 | 156,494 | 0.1271 | 274,117 | 0.1343 | 274,203 | | |
| SEDOL IMRF | 0.0077 | 17,226 | 0.0076 | 16,492 | 0.0074 | 15,090 | | |
| Liability Insurance | 0.0602 | 135,002 | 0.0592 | 127,756 | 0.0855 | 174,564 | | |
| Fire Prevention and Safety | 0.0357 | 80,002 | 0.0321 | 69,326 | 0.0000 | - | | |
| Working Cash | 0.0201 | 45,001 | 0.0400 | 86,280 | 0.0500 | 102,098 | | |
| | 6.2123 | \$ 13,941,026 | 6.3136 | \$ 13,618,393 | 6.4411 | \$ 13,152,423 | | |

NOTE 8 - EXCESS OF EXPENDITURES OVER BUDGET

For the year ended June 30, 2017, the following fund had expenditures that exceeded budget.

| | | | | Exc | ess of Actual | |
|--------------|--------|------------|------------------|-------------|---------------|--|
| Fund | Budget | | Actual | Over Budget | | |
| General Fund | \$ | 15,923,529 | \$ 17,421,207 | \$ | 1,497,678 | |

NOTE 9 - OPERATING LEASES, AS LESSEE

The District, as lessee, leases buses. Estimated minimum annual rentals are as follows:

| Year Ending June 30 | Amount |
|---------------------|-----------------|
| 2018 | \$ 82,510 |
| 2019 | 165,020 |
| 2020 | 231,020 |
| 2021 | 641,286 |
| | \$ 1,119,836 |

The rental expense for all operating leases for the year ended June 30, 2017 was \$247,530.

NOTE 10 - RETIREMENT FUND COMMITMENTS

A. Teachers' Retirement System of the State of Illinois

General Information About the Pension Plan

Plan Description

The District participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at http://trs.illinois.gov/pubs/cafr.htm; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling (888) 877-0890, option 2.

Benefits Provided

TRS provides retirement, disability, and death benefits. Tier I members have TRS or reciprocal system service prior to January 1, 2011. Tier I members qualify for retirement benefits at age 62 with five years of service, at age 60 with ten years, or age 55 with 20 years. The benefit is determined by the average of the four highest years of creditable earnings within the last ten years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2% of final average salary up to a maximum of 75% with 34 years of service. Disability and death benefits are also provided.

Tier II members qualify for retirement benefits at age 67 with ten years of service, or a discounted annuity can be paid at age 62 with ten years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the last four. Disability provisions for Tier II are identical to those of Tier I. Death benefits are payable under a formula that is different from Tier I.

Essentially all Tier I retirees receive an annual 3% increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier II annual increases will be the lesser of 3% of the original benefit or ½% of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Contributions

The State of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2016 was 9.4% of creditable earnings. On July 1, 2016, the rate dropped to 9.0% of pay due to the expiration of the Early Retirement Option (ERO). The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

On-Behalf Contributions to TRS. The State of Illinois makes employer pension contributions on behalf of the District. For the year ended June 30, 2017, State of Illinois contributions recognized by the District were based on the State's proportionate share of the collective net pension liability associated with the District, and the District recognized revenue and expenditures of \$5,430,686 in pension contributions from the State of Illinois.

<u>2.2 Formula Contributions.</u> Employers contribute 0.58% of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2017 were \$41,046 and are deferred because they were paid after the June 30, 2016 measurement date.

<u>Federal and Special Trust Fund Contributions.</u> When TRS members are paid from federal and special trust funds administered by the employer, there is a statutory requirement for the employer to pay an employer pension contribution from those funds. Under a policy adopted by the TRS Board of Trustees that has been in effect since the fiscal year ended June 30, 2006, employer contributions for employees paid from federal and special trust funds will be the same as the State contribution rate to TRS. Public Act 98-0674 now requires the two rates to be the same.

For the year ended June 30, 2017, the District pension contribution was 38.54% of salaries paid from federal and special trust funds. For the year ended June 30, 2017, salaries totaling \$0 were paid from federal and special trust funds that required District contributions of \$0. These contributions are deferred because they were paid after the June 30, 2016 measurement date.

Employer Retirement Cost Contributions. Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The employer is required to make a one-time contribution to TRS for members retiring under the ERO. The payments vary depending on the member's age and salary. The maximum employer ERO contribution under the program that ended on June 30, 2016 is 146.5% and applies when the member is age 55 at retirement. For the year ended June 30, 2017, the District paid \$0 to TRS for employer ERO contributions for retirements that occurred before July 1, 2016.

The employer is also required to make a one-time contribution to TRS for members granted salary increases over 6% if those salaries are used to calculate a retiree's final average salary. A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2017, the District paid \$0 to TRS for employer contributions due on salary increases in excess of 6% and \$0 for sick leave days granted in excess of the normal annual allotment.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2017, the District reported a liability for its proportionate share of the net pension liability (first amount shown below) that reflected a reduction for state pension support provided to the District. The State's support and total are for disclosure purposes only. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

| District's proportionate share of the net pension liability | \$ 823,613 |
|---|------------------|
| State's proportionate share of the net pension liability associated with the District | 55,298,874 |
| Total Net Pension Liability | \$ 56,122,487 |

The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2015 and rolled forward to June 30, 2016. The District's proportion of the net pension liability was based on the District's share of contributions to TRS for the measurement year ended June 30, 2016, relative to the contributions of all

participating TRS employers and the State during that period. At June 30, 2016, the District's proportion was 0.0010433932%, which was an increase of 0.0001725% from its proportion measured as of June 30, 2015.

For the year ended June 30, 2017, the District recognized pension expense of \$5,430,686 and revenue of \$5,430,686 for support provided by the State. At June 30, 2017, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Deferred Outflows of Resources | | Deferred Inflows of Resources | | Net Outflows of Resources | |
|---|--------------------------------------|---------|-------------------------------------|----------|---------------------------|----------|
| Differences between expected and actual experience | \$ | 6,090 | \$ | (559) | \$ | 5,531 |
| Net difference between projected and actual earnings | | | | | | |
| on pension plan investments | | 23,269 | | - | | 23,269 |
| Changes of assumptions | | 70,736 | | - | | 70,736 |
| Changes in proportion and differences between employer contributions and proportionate share of | | | | | | |
| contributions | | 915 | | (62,012) | | (61,097) |
| Employer contributions subsequent to the measurement | | | | | | |
| date | | 41,046 | | - | | 41,046 |
| | \$ | 142,056 | \$ | (62,571) | \$ | 79,485 |
| | | | | | | |

\$41,046 reported as deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the reporting year ended June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows in these reporting years:

| Year Ending June 30 | |
|---------------------|---------------|
| 2018 | \$ (4,967) |
| 2019 | (4,967) |
| 2020 | 20,836 |
| 2021 | 24,019 |
| 2022 | 3,518 |
| | \$ 38,439 |

Actuarial Assumptions

The total pension liability in the June 30, 2016 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Inflation | 2.50% |
|---------------------------|--------------------------------------|
| Salary Increases | varies by amount of service credit |
| Investment Rate of Return | 7.0%, net of pension plan investment |
| | expenses, including inflation |

Mortality rates were based on the RP-2014 White Collar Table with adjustments as appropriate for TRS experience. The rates are used on a fully-generational basis using projection table MP-2014.

For the June 30, 2016 valuation, the investment return assumption was lowered from 7.5% to 7%. Salary increase assumptions were lowered from their 2015 levels. Other assumptions were based on the 2015 experience analysis which increased retirement rates, improved mortality assumptions and made other changes.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges

are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

| Asset Class | Target Allocation | Long-Term Expected Real Rate of Return |
|----------------------------------|----------------------|---|
| U.S. equities large cap | 14.4% | 6.94% |
| U.S. equities small/mid cap | 3.6% | 8.09% |
| International equities developed | 14.4% | 7.46% |
| Emerging market equities | 3.6% | 10.15% |
| U.S. bonds core | 10.7% | 2.44% |
| International debt developed | 5.3% | 1.70% |
| Real estate | 15.0% | 5.44% |
| Commodities (real return) | 11.0% | 4.28% |
| Hedge funds (absolute return) | 8.0% | 4.16% |
| Private Equity | 14.0% | 10.63% |
| Total | 100.0% | |

Discount Rate

At June 30, 2016, the discount rate used to measure total pension liability was a blended rate of 6.83%, which was a change from the June 30, 2015 rate of 7.47%. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and State contributions will be made at the current statutorily-required rates.

Based on those assumptions, TRS's fiduciary net position at June 30, 2016 was not projected to be available to make all projected future benefit payments of current active and inactive members and all benefit recipients. Tier I's liability is partially funded by Tier II members, as the Tier II member contribution is higher than the cost of Tier II benefits. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. Despite the subsidy, all projected future payments were not covered, so a slightly lower long-term expected rate of return on TRS investments was applied to all periods of projected benefit payments to determine the total pension liability.

At June 30, 2015, the discount rate used to measure the total pension liability was 7.47%. The discount rate was lower than the actuarially-assumed rate of return on investments that year as well because TRS's fiduciary net position and the subsidy provided by Tier II were not sufficient to cover all projected benefit payments.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 6.83%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.83%) or 1-percentage-point-higher (7.83%) than the current rate.

| | Current | | | | | |
|--------------------------------|---------|------------|-----|------------|----|------------|
| | 19 | 6 Decrease | Dis | count Rate | 1% | 6 Increase |
| | | 5.83% | | 6.83% | | 7.83% |
| Employer's proportionate share | | | | | | |
| of the net pension liability | \$ | 1,007,313 | \$ | 823,613 | \$ | 673,580 |

TRS Fiduciary Net Position

Detailed information about the TRS's fiduciary net position as of June 30 2016 is available in the separately issued TRS *Comprehensive Annual Financial Report.*

B. Illinois Municipal Retirement Fund

Plan Description

The District's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The District's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

Benefits Provided

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired *before* January 1, 2011 are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last ten years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired **on or after** January 1, 2011 are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last ten years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Employees Covered by Benefit Terms

All appointed employees of a participating employer who are employed in a position normally requiring 600 hours (1,000 hours for certain employees hired after 1981) or more of work in a year are required to participate. As of December 31, 2016, the following employees were covered by the benefit terms:

| Retirees and beneficiaries currently receiving benefits | 30 |
|--|-----|
| Inactive plan members entitled to but not yet receiving benefits | 97 |
| Active plan members | 89 |
| Total | 216 |

Contributions

As set by statute, the District's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The District's annual contribution rate for calendar year 2016 was 11.74%. For the fiscal year ended June 30, 2017, the District contributed \$248,716 to the plan. The District also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Net Pension Liability

The components of the net pension liability of the IMRF as of December 31, 2016, calculated in accordance with GASB Statement No. 68, were as follows:

Total Pension Liability/(Asset) \$ 6,517,892
IMRF Fiduciary Net Position 5,112,348
District's Net Pension Liability/(Asset) 1,405,544
IMRF Fiduciary Net Position as a Percentage
of the Total Pension Liability 78.44%

See the Schedule of Changes in the Employer's Net Pension Liability and Related Ratios in the Required Supplementary Information following the notes to the financial statements for additional information related to the funded status of the plan.

Actuarial Assumptions

The total pension liability above was determined by an actuarial valuation performed as of December 31, 2016 using the following actuarial methods and assumptions:

Assumptions

Inflation 2.75%

Salary Increases 3.75% - 14.50% including inflation

Interest Rate 7.50%

Asset Valuation Method Market value of assets

Experience-based Table of Rates that are specific to

Projected Retirement Age the type of eligibility condition, last updated for the 2014 valuation experience to an experience study of

the period 2011 to 2013.

The IMRF-specific rates for Mortality (for non-disabled retirees) were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For Disabled Retirees, an IMRF-specific mortality table was used with fully generational projection scale MP-2014 (base year 2014). The IMRF-specific rates were developed from the RP-2014 Disabled Retirees Mortality

Table, applying the same adjustments that were applied for non-disabled lives. For active members, an IMRF-specific mortality table was used with fully generational projection scale MP-2014 (base year 2014). The IMRF-specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a buildingblock method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These

ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table as of December 31, 2016:

| | Target | Projected |
|------------------------|------------|-----------|
| Asset Class | Allocation | Return |
| Equities | 38.0% | 6.85% |
| International Equities | 17.0% | 6.75% |
| Fixed Income | 27.0% | 3.00% |
| Real Estate | 8.0% | 5.75% |
| Alternatives | 9.0% | |
| Private Equity | | 7.35% |
| Hedge Funds | | 5.25% |
| Commodities | | 2.65% |
| Cash | 1.0% | 2.25% |
| | 100.0% | |
| | | |

Single Discount Rate

The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

- 1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
- 2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of this discount rate, the expected rate of return on pension plan investments is 7.50%; the municipal bond rate is 3.78%; and resulting single discount rate is 7.50%.

Changes in the Net Pension Liability

| | otal Pension Liability (A) | an Fiduciary let Position (B) | N | et Pension Liability (A)-(B) |
|---|--------------------------------------|-------------------------------------|----|------------------------------------|
| Balances at December 31, 2015 | \$ 6,223,032 | \$ 4,604,732 | \$ | 1,618,300 |
| Changes for the year: | _ | _ | | |
| Service Cost | \$ 245,646 | \$ - | \$ | 245,646 |
| Interest on the Total Pension Liability | 467,170 | - | | 467,170 |
| Changes of Benefit Terms | - | - | | - |
| Differences Between Expected and Actual | | | | |
| Experience of the Total Pension Liability | (216,745) | - | | (216,745) |
| Changes of Assumptions | (34,168) | - | | (34,168) |
| Contributions - Employer | - | 252,228 | | (252,228) |
| Contributions - Employee | - | 96,681 | | (96,681) |
| Net Investment Income | - | 317,440 | | (317,440) |
| Benefit Payments, including Refunds | | | | |
| of Employee Contributions | (167,043) | (167,043) | | - |
| Other (Net Transfer) | | 8,310 | | (8,310) |
| Net Changes | \$ 294,860 | \$ 507,616 | \$ | (212,756) |
| Balances at December 31, 2016 | \$ 6,517,892 | \$ 5,112,348 | \$ | 1,405,544 |

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the plan's net pension liability, calculated using a Single Discount Rate of 7.50%, as well as what the plan's net pension liability would be if it were calculated using a single Discount Rate that is 1% lower or 1% higher:

| | | Current | | | | | |
|-------------------------------|----------------------|-----------|------------------------|-----------|----------------------|---------|--|
| | 1% Decrease 6.50% | | Discount Rate 7.50% | | 1% Increase 8.50% | | |
| | | 0.3070 7. | | 7.5070 | | 0.50 /0 | |
| Net Pension Liability/(Asset) | \$ | 2,330,759 | \$ | 1,405,544 | \$ | 651,995 | |

<u>Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions</u>

For the year ended June 30, 2017, the District recognized pension expense of \$375,122. At June 30, 2017, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | С | outflows | | Inflows | Ne | t Outflows |
|--|--------------|----------|--------------|---------|--------------|------------|
| Expense in Future Periods | of Resources | | of Resources | | of Resources | |
| Differences between expected and | | | | | | |
| actual experience | \$ | 65,900 | \$ | 163,022 | \$ | (97,122) |
| Changes of assumptions | | 82,302 | | 25,699 | | 56,603 |
| Net difference between projected | | | | | | |
| and actual earnings on pension plan | | | | | | |
| investments | | 240,350 | | _ | | 240,350 |
| Total deferred amounts to be recognized | | | | | | |
| in pension expense in future periods | \$ | 388,552 | \$ | 188,721 | \$ | 199,831 |
| Pension contributions made subsequent to | | | | | | |
| the measurement date | | 124,738 | | | | 124,738 |
| Total deferred amounts related to pensions | \$ | 513,290 | \$ | 188,721 | \$ | 324,569 |

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| (| t Deferred Outflows Resources |
|----|-------------------------------------|
| \$ | 119,784 |
| | 63,693 |
| | 11,488 |
| | 4,866 |
| | - |
| | - |
| \$ | 199,831 |
| | of l |

C. Social Security

Employees not qualifying for coverage under the Teachers' Retirement System of the State of Illinois or the Illinois Municipal Retirement Fund are considered "non-participating employees." These employees and those qualifying for coverage under the Illinois Municipal Retirement Fund are covered under Social Security. The District paid the total required contribution for the current fiscal year.

NOTE 11 - POST EMPLOYMENT BENEFIT COMMITMENTS

A. Teacher Health Insurance Security Fund (THIS)

The District participates in the Teacher Health Insurance Security (THIS) Fund, a cost-sharing, multiple-employer defined benefit post-employment healthcare plan that was established by the Illinois legislature for the benefit of retired Illinois public school teachers employed outside the city of Chicago. The THIS Fund provides medical, prescription, and behavioral health benefits, but it does not provide vision, dental, or life insurance benefits to annuitants of the Teachers' Retirement System (TRS). Annuitants not enrolled in Medicare may participate in the state-administered participating provider option plan or choose from several managed care options. Annuitants who are enrolled in Medicare Parts A and B may be eligible to enroll in a Medicare Advantage plan.

The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of the THIS Fund and amendments to the plan can be made only by legislative action with the Governor's approval. The Plan is administered by the Illinois Department of Central Management Services (CMS) with the cooperation of TRS. Section 6.6 of the State Employees Group Insurance Act of 1971 requires all active contributors to TRS who are not employees of the state to make a contribution to the THIS Fund.

The percentage of employer required contributions in the future will not exceed 105% of the percentage of salary actually required to be paid in the previous fiscal year.

On behalf contributions to the THIS Fund

The State of Illinois makes employer retiree health insurance contributions on behalf of the District. State contributions are intended to match contributions to the THIS Fund from active members which were 1.12% of pay during the year ended June 30, 2017. State of Illinois contributions were \$79,262, and the District recognized revenue and expenditures of this amount during the year.

Employer contributions to the THIS Fund

The District also makes contributions to the THIS Fund. The District THIS Fund contribution was 0.84% during the year ended June 30, 2017. For the year ended June 30, 2017, the District paid \$59,446 to the THIS Fund, which was 100% of the required contribution.

The publicly available financial report of the THIS Fund may be found on the website of the Illinois Auditor General (http://www.auditor.illinois.gov/Audit-Reports/ABC-List.asp). The current reports are listed under "Central Management Services" (http://www.auditor.illinois.gov/Audit-Reports/CMS-THISF.asp). Prior reports are available under "Healthcare and Family Services" (http://www.auditor.illinois.gov/Audit-Reports/HEALTHCARE-FAMILY-SERVICES-Teacher-Health-Ins-Sec-Fund.asp).

B. Retiree Insurance Plan

Plan Overview

The District provides post-employment benefits other than pensions ("OPEB") to employees who meet certain criteria. The Plan, a single-employer defined benefit plan, provides pre- and post-Medicare postretirement healthcare benefits to all employees who work for the District and receive a pension from the District through IMRF or TRS. The Plan does not issue a stand-alone financial report.

Funding Policy

The required contribution is based on projected pay-as-you-go financing requirements.

Annual OPEB Cost and Net OPEB Obligation

The District's annual OPEB cost (expense) is calculated based on annual required contributions (ARC) of the District, an amount determined on an actuarially determined basis in accordance with the parameters of GASB Statement No. 45. The ARC represents a level funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities over a period of 30 years. The following shows the components of the District's annual OPEB cost for the year, the amount actually contributed to the plan, and the changes in the District's net OPEB obligation to the plan:

The District's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation are as follows:

| Annual required contribution | \$ 48,323 |
|--|--------------|
| Interest on net OPEB obligation | 1,022 |
| Adjustment to annual required contribution | (853) |
| Annual OPEB cost (expense) | \$ 48,492 |
| Contributions made | 22,155 |
| Increase/(decrease) in net OPEB obligation | \$ 26,337 |
| Net OPEB obligation - beginning of year | 25,553 |
| Net OPEB obligation - end of year | \$ 51,890 |

Actuarial Assumptions and Methods

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. Examples include assumptions about future employment, mortality and the healthcare cost trend. Actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future.

The following includes actuarial assumptions and methods:

| Actuarial Cost Method | Entry Age Method |
|-------------------------------|---|
| Amortization Period | Level Percent - 30 Years |
| Remaining Amortization Period | 29 Years |
| Asset Valuation Method | N/A |
| Discount Rate | 4% |
| Projected Salary Increases | 4% |
| Healthcare Inflation Rate | .5% - 7.0% from 2017 - 2029 (Utimate - 5.50%) |

NOTE 12 - INTERFUND TRANSFERS

The following funds were transferred for the year ended June 30, 2017:

| Transfer from | Transfer To | / | Amount |
|--------------------|---------------------------------|----|---------|
| General Fund | Capital Projects Fund | \$ | 150,000 |
| General Fund | Operations and Maintenance Fund | | 50,000 |
| General Fund | Operations and Maintenance Fund | | 3,273 |
| Debt Services Fund | Operations and Maintenance Fund | | 1,310 |

The transfers from the General Fund and Debt Services Fund to the Operations and Maintenance Fund are transfers of interest. The transfers from the General Fund to the Capital Projects Fund and Operations and Maintenance Fund are to help cover capital expenses.

NOTE 13 - JOINT VENTURE - SPECIAL EDUCATION DISTRICT OF LAKE COUNTY (SEDOL)

The District and thirty-one other districts within Lake County have entered into a joint agreement to provide special education programs and services to the students enrolled. Each member district has a financial responsibility for annual and special assessments as established by the management council.

A summary of the Statement of Net Position of SEDOL at June 30, 2016 (most recent information available) is as follows:

| Assets Deferred Outflows of Resources | \$ | 64,479,032 6,627,620 |
|---|----|---|
| | \$ | 71,106,652 |
| Liabilities Deferred Inflows of Resources Net Position | \$ | 25,632,826 2,612,534 42,861,292 71,106,652 |
| Revenues Expenses Net Increase/(Decrease) in Net Position | \$ | 72,241,356 75,160,997 (2,919,641) |
| 14ct morease/(Deorease) in 14ct 1 osition | Ψ | (2,010,041) |

Complete financial statements for SEDOL can be obtained from the Administrative Offices at 18160 Gages Lake Road, Gages Lake, Illinois 60030-1819.

NOTE 14 - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and the destruction of assets; errors and omissions; and injuries to employees.

The District is a member of the Collective Liability Insurance Cooperative (CLIC), a joint risk management pool of school districts through which property, general liability, automobile liability, crime, excess property, excess liability, and boiler and machinery coverage is provided in excess of specified limits for the members, acting as a single insurable unit.

The relationship between the District and CLIC is governed by a contract and by-laws that have been adopted by resolution of each unit's governing body. The District is contractually obligated to make all annual and supplementary contributions for CLIC, to report claims on a timely basis, cooperate with CLIC, its claims administrator and attorneys in claims investigation and settlement, and to follow risk management procedures as outlined by CLIC. Members have a contractual obligation to fund any deficit of CLIC attributable to a membership year during which they were a member.

CLIC is responsible for administering the self-insurance program and purchasing excess insurance according to the direction of the Board of Directors. CLIC also provides its members with risk management services, including the defense of and settlement of claims, and establishes reasonable and necessary loss of reduction and prevention procedures to be followed by the members.

The District is insured under a retrospectively-rated policy for workers' compensation coverage. Whereas, the initial premium may be adjusted based on actual experiences. Adjustments in premiums are recorded when paid or received.

During the year ended June 30, 2017, there were no significant reductions in insurance coverage. Also. There have been no settlement amounts that have exceeded insurance coverage for each of the past three years, including the current year. During the year ended June 30, 2017, there were no significant adjustments in premiums based on actual experience.

NOTE 15 - CONTINGENCIES

The District is not aware of any litigation which might have a material adverse effect on the District's financial position.

NOTE 16 - LEGAL DEBT LIMITATION

The Illinois School Code limits the amount of indebtedness to 6.9% of the most recent available equalized assessed valuation (EAV) of the District. The District's legal debt limitation is as follows:

| \$ 224,408,790 |
|-------------------|
| 6.90% |
| \$ 15,484,207 |
| 14,214,566 |
| \$ 1,269,641 |
| \$ |

NOTE 17 - NET POSITION ADJUSTMENT

As of July 1, 2016, an adjustment was needed to the accretion interest payable. This resulted in an adjustment of \$1,176,002 on the Statement of Activities.

As of July 1, 2016, an adjustment was needed to reverse a transfer between the General Fund and Debt Services Fund of \$6,526. The net effect on the total fund balance of the District was \$0.

NOTE 18 - SUBSEQUENT EVENTS

Subsequent to June 30, 2017, the District entered into a capital lease with Apple for 925 IPads totaling \$457,428, which will be paid over 4 years.

| Contributions as a percentage of Covered-Valuation Payroll | | 11.74% | | 11.67% | | 11.01% |

Notes to Schedule:

Actuarial Method and Assumptions Used on the Calculation of the 2016 Contribution Rate *

Actuarially determined contribution rates are calculated as of December 31 each year, which are 12 months prior to the beginning of the fiscal year in which contributions are reported.

Actuarial Cost Method: Aggregate entry age = normal

Amortization Method: Level percentage of payroll, closed

Remaining Amortization Period: 27-year closed period

Asset Valuation Method: 5-year smoothed market; 20% corridor

Wage Growth: 3.5%

Price Inflation: 2.75%, approximate; No explicit price inflation assumption is used in this valuation.

Salary Increases: 3.75% to 14.50%, including inflation

Investment Rate of Return: 7.50%

Retirement Age: Experience-based table of rates that are specific to the type of eligibility condition; last updated for the 2014 valuation pursuant to an experience study of the period 2011 to 2013.

Mortality: RP-2014 Blue Collar Healthy Mortality Table, adjusted to match current IMRF experience. For disabled lives, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). The IMRF-specific rates were developed from the RP-2014 Disabled Retirees Mortality Table, applying the same adjustments that were applied for non-disabled lives. For active members, an IMRF-specific mortality table was used with fully generational projection scale MP-2014 (base year 2014). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

*Based on Valuation Assumptions used in the December 31, 2014 actuarial valuation; note two year lag between valuation and rate setting.

This schedule is presented to illustrate the requirement to show information for ten years. However, until a full ten-year trend is compiled, information is presented for those years for which information is available.

^{* -} The amounts presented were determined as of the prior fiscal-year end

This schedule is presented to illustrate the requirement to show information for ten years. However, until a full ten-year trend is compiled, information is presented for those years for which information is available.

Changes of Assumptions:

For the 2016 measurement year, the assumed investment rate of return was of 7.0%, including an inflation rate of 2.5% and a real return of 4.5%. Salary increases were assumed to vary by service credit.

For the 2015 measurement year, the assumed investment rate of return was 7.5%, including an inflation rate of 3.0% and a real return of 4.5%. Salary increases were assumed to vary by service credit. Various other changes in assumptions were adopted based on the experience analysis for the three-year period ending June 30, 2014.

For the 2014 measurement year, the assumed investment rate of return was also 7.5%, including an inflation rate of 3.0% and a real return of 4.5%. However, salary increases were assumed to vary by age.

MILLBURN COMMUNITY CONSOLIDATED SCHOOL DISTRICT NO. 24 NOTES TO REQUIRED SUPPLEMENTARY INFORMATION JUNE 30, 2017

NOTE 1 - BUDGETARY PROCESS

The District follows procedures mandated by Illinois State law and District Board policy to establish the budgetary data reflected in its financial statements. The budget was passed on September 26, 2016 and amended on June 26, 2017. The cash basis budgeted amounts in this report are the result of full compliance with the following procedures:

For each fund, total fund expenditures may not legally exceed the budgeted amounts. The budget lapses at the end of each fiscal year.

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1. Prior to July 1, the Superintendent submits to the Board of Education a proposed operating budget for the fiscal year commencing on that date. The operating budget includes proposed expenditures and the means of financing them.
- 2. A public hearing is conducted to obtain taxpayer comments.
- 3. Prior to October 1, the budget is legally adopted through passage of a resolution.
- 4. Formal budgetary integration is employed as a management control device during the year.
- 5. The Board of Education may make transfers between the various items in any fund not exceeding in the aggregate 10% of the total of such fund as set forth in the budget.
- 6. The Board of Education may amend the budget (in other ways) by the same procedures required of its original adoption.

NOTE 2 - EXCESS OF EXPENDITURES OVER BUDGET

For the year ended June 30, 2016, the following fund presented as Required Supplementary Information had expenditures that exceeded budget.

| | | | | Exc | ess of Actual |
|--------------|----|------------|------------------|-----|---------------|
| Fund Budget | | Actual | Over Budget | | |
| General Fund | \$ | 15,923,529 | \$ 17,421,207 | \$ | 1,497,678 |
