Community Use of School Facilities

School facilities are available to community organizations when such use does not: (1) interfere with any school function or the safety of students or employees, or (2) affect the property or liability of the School District. The use of school facilities for school purposes has precedence over all other uses. Persons on school premises must abide by the District's conduct rules at all times. If a request is made to rent the building during school hours, the Board of Education shall be informed and shall approve any such rentals.

Student groups and school-related organizations and local governments are granted the use of school facilities at no cost. Other organizations granted use of facilities shall pay fees and costs.

The Superintendent shall develop procedures to manage community use of school facilities. Use of school facilities requires the Superintendent's approval and is subject to the procedures.
