

## It's almost time for another fantastic summer reading program at Lake Villa District Library!

Because we're so excited to be breaking ground on a new library in the coming months, we're building our best summer reading program yet: **Constructing Summer 2017!**

### Here's how it works:

-  **Visit the Youth Services Desk. Registration for summer reading starts Monday, June 5.**
-  **Read 20 days this summer. We suggest reading 20 minutes a day, but you set your own daily goal.**
-  **Do fun activities. We have lots of things to try at the library and at home!**
-  **Get prizes and earn chances to win even bigger prizes! We'll tell you how.**

Remember, summer reading is for all kids, including pre-readers! We also have programs for teens and adults—get everyone in your house to join the fun. For information on the new library, visit [www.lvdl.org](http://www.lvdl.org).
