

Avoid Summer Learning Loss  
with Tutor Doctor

Welcome to Tutor Doctor's Summer Reading Challenge!

Summer is a great opportunity to help your students stay on track or even get ahead. Research has shown that over the summer, most students lose 20-30% of the academic gains they made over the previous school year.

Reading over the summer is a great way to keep up your reading skills, which is why we are running our Summer Reading Challenge!

Please visit the following webpage to download the reading challenge materials.
