

STATE ASSESSMENTS

The Illinois Standards Achievement Test (ISAT) measures individual student achievement relative to the Illinois Learning Standards. The results give parents, teachers, and schools one measure of student learning and school performance. For information on State testing, Common Core Standards, sample tests, sample problems, dates, and any other information that you would like to have access to can be found on the website found below. Parents may also contact the Director of Curriculum, Dr Cheryl Kucera, for answers to their questions concerning District assessments in general.
