Subject: First Reading-Board Policy 8:90-Parent Organizations and Booster Clubs

This policy has been updated significantly. The updates clarify the separation of the district and the clubs for insurance and liability purposes.

We ask that you use this as your first reading period and then put this on the next BOE meeting agenda for a second reading and approval.

Community Relations

Parent Organizations and Booster Clubs

Parent organizations and booster clubs are invaluable resources to the District's schools. While parent organizations and booster clubs have no administrative authority and cannot determine District policy, the School Board welcomes their suggestions and assistance.

Parent organizations and booster clubs are recognized by the Board and permitted to use the District's name, a District school's name, or a District school's team name, or any logo attributable to the District provided they first receive the Superintendent or designee's express written consent. Consent to use one of the above-mentioned names or logos will generally be granted if the organization or club has by-laws containing the following:

1. The organization's or club's name and purpose, such as, to enhance students' educational experiences, to help meet educational needs of students, to provide extra athletic benefits to students, to assist specific sports teams or academic clubs through financial support, or to enrich extracurricular activities.
2. The rules and procedures under which it operates.
3. An agreement to adhere to all Board policies and administrative procedures.
4. A statement that membership is open and unrestricted, meaning that membership is open to parents/guardians of students enrolled in the school, District staff, and community members. ¹
5. A statement that the District is not, and will not be, responsible for the organization's or club's business or the conduct of its members.
6. An agreement to maintain and protect its own finances.
7. A recognition that money given to a school cannot be earmarked for any particular expense. Booster clubs may make recommendations, but cash or other valuable consideration must be given to the District to use at its discretion. The Board's legal obligation to comply with Title IX by providing equal athletic opportunity for members of both genders will supersede an organization or club's recommendation. ²

Permission to use one of the above-mentioned names or logos may be rescinded at any time and does not constitute permission to act as the District's representative. At no time does the District accept responsibility for the actions of any parent organization or booster club regardless of whether it was recognized and/or permitted to use any of the above-mentioned names or logos. ³ The Superintendent

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

¹ An alternative follows:

An agreement not to engage in discrimination based on someone's innate characteristics or membership in a suspect classification.

² Booster clubs are understandably selective in their support. However, by accepting booster club assistance that creates vast gender differences, a board may face claims that it has violated Title IX. Title IX's focus is on equal funding opportunities, equal facility availability, similar travel and transportation treatment, comparable coaching, and comparable publicity (34 C.F.R. Part 106).

³ Booster clubs present potential liabilities to a school district beyond loss of funds because they seldom are properly organized (they generally are not incorporated or otherwise legally recognized), carry no insurance, raise and handle large sums, and club members hold themselves out as agents of the school (after all, no funds could be raised but for the school connection). A disclaimer, such as the one presented here, may not be sufficient. A district may take several actions, after discussion with its attorney, to minimize liability, such as adding a requirement to item 6 above that the club: (1) operate under the school's authority (activity accounts); or (2) be properly organized and demonstrate fiscal responsibility by being a 501(c)(3) organization, obtaining a bond, and/or arranging regular audits. Ultimately, the best way to minimize liability is to be sure that the district's errors and omissions insurance covers parent organizations and booster clubs.

shall designate an administrative staff member to serve as the liaison to parent organizations or booster clubs. The liaison will serve as a resource person and provide information about school programs, resources, policies, problems, concerns, and emerging issues. Building staff will be encouraged to participate in the organizations.

Parent Organization

The Board of Education recognizes that the parent organization is an invaluable resource to the District school and so supports its formation and vitality. While the parent organization shall have no administrative authority and cannot determine District policy, its suggestions and assistance is always welcome. Membership will be open and unrestricted.

The Building Principal or designee will serve as the advisor to the parent organization in the school and will serve as a resource person and provide information about school programs, resources, policies, problems, concerns, and emerging issues. Building staff will be encouraged to participate in the organization.
