Subject: Being Thankful

There are many things for which we can be thankful as I think of the many things that are happening this month. The eighth grade students who will be attending Grayslake High School took the EXPLORE test last weekend. The students who will be attending Lakes High School took it in late October. The scores from the Lakes event arrived and, as expected, our students did very well. We can expect the same from the students who will be attending Grayslake.

Several teachers attended the Fall Literacy in Bloom workshop at Woodland Intermediate School. One of our teachers, Sarah Glade presented at this event and did a marvelous job. The RtI teachers have been reviewing the data from the various programs in reading and math. They are really analyzing the data and using the information to work with the students to help them grow closer to their appropriate grade level. The agenda for our early dismissal Wednesday this month is full of activities, generally teacher-led from which we will all continue to learn and use in our efforts to help educate all of our students.
