## ACTION ITEM

October 19, 2009

To: Board of Education Members
From: Ellen E. Mauer, PhD
Subject: SchoolReport Card

Proposed Action by the Board of Education
Approve the School Report Card as presented.

## Background

Approval of our official School Report Card is a yearly item. We will then forward to the Regional Office of Education, the state, and post on our website. This is the state-required format. No changes may be made to that format. We are only able to change the content information. We are part of a dwindling group that continues to make AYP (annual yearly progress).

## Millburn CCSD 24

## Old Mill Creek, ILLINOIS

State and federal laws require public school districts to release report cards to the public each year.
Starting in 2009, charter school information is included in district statistics.

Low-income students come from families receiving public aid; live in institutions for neglected or delinquent children; are supported in foster homes with public funds; or are eligible to receive free or reduced-price lunches.

Limited-English-proficient students are those students eligible for transitional bilingual programs. Mobility rate is based on the number of times students enroll in or leave a school during the school year. Chronic truants are students who are absent from school without valid cause for 18 or more of the last 180 school days.

The No Child Left Behind Act requires that information for certain data elements be disaggregated by high- and low-poverty schools. Poverty (low-income) is defined on page 1 of all report cards. High- and low-poverty schools include those in the top and bottom quarters of the poverty distribution of schools in the state. Disaggregated data are reported only if at least one school in your district falls within the high-poverty quarter and at least one school within the low-poverty quarter.

## SCHOOL DISTRICT FINANCES

TEACHER/ADMINISTRATOR SALARIES (Full-Time Equivalents)

Salaries and counts of staff are summed across a district based on the percentage of time that each individual is employed as a teacher or an administrator and may or may not reflect the actual paid salaries for the district.

** Due to the way Illinois school districts are configured, state averages for equalized assessed valuation per pupil and total school tax rate per $\$ 100$ are not provided. Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated.
Total school tax rate is a district's total tax rate as it appears on local property tax bills.
Instructional expenditure per pupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.
Operating expenditure per pupil includes the gross operating cost of a school district excluding summer school, adult education, bond principal retired, and capital expenditures.

## ACADEMIC PERFORMANCE

## 2007 NATIONAL ASSESSMENT OF EDUCATIONAL PROGRESS (NAEP)

NAEP is sponsored by the U.S. Department of Education and administered to students in grade 4, 8, and 12. Only grade 4 and 8 results are required to be reported.

Achievement levels reflect what students should know and be able to do. Based on recommendations from policymakers, educators, and members of the general public, the Governing Board for NAEP sets specific achievement levels for each subject area and grade. To provide a context for interpreting student performance, NAEP results are reported as percentages of students performing below the Basic level, at or above the Basic and Proficient levels, and at the Advanced level.

Basic denotes partial mastery of prerequisite knowledge and skills that are fundamental for proficient work at a given grade.
Proficient represents solid academic performance. Students reaching this level have demonstrated competency over challenging subject matter.

Advanced represents superior performance.
The four achievement levels (below basic, basic, proficient, and advanced) are reported as level 1 through level 4, respectively. Please note that only state results are reported.

## OVERALL STUDENT PERFORMANCE

These charts present the overall percentages of state test scores categorized as meeting or exceeding the Illinois Learning Standards for your district and the state. They represent your district's performance in reading, mathematics, and science.

The 2007-08 school year was the first time that Limited English Proficient (LEP) students took the ISAT or PSAE (with accommodations) instead of the IMAGE test. Therefore, any comparisons with prior year's achievement levels for LEP students should be made with appropriate caution.

## PERFORMANCE ON STATE ASSESSMENTS

Federal law requires that student achievement results for reading, mathematics, and science for schools providing Title I services be reported to the general public.

The Illinois Standards Achievement Test (ISAT) is administered to students in grades 3 through 8. The Prairie State Achievement Examination (PSAE) is administered to students in grade 11. The Illinois Alternate Assessment (IAA) is administered to students with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the ISAT or PSAE would not be appropriate.

Students with disabilities have an IEP (No Child Left Behind Act). An IEP is a written plan for a child with a disability who is eligible to receive special education services under the Individuals with Disabilities Education Act.

Reading and Mathematics are tested in grades 3 through 8 , and 11 . Science is tested in grades 4, 7, and 11. In order to protect students' identities, test data for groups of fewer than ten students are not reported.

## ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT)

The following tables show the percentages of student scores in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

Level 1 -- Academic Warning - Student work demonstrates limited knowledge and skills in the subject. Because of major gaps in learning, students apply knowledge and skills ineffectively.

Level 2 -- Below Standards - Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students apply knowledge and skills in limited ways.

Student work demonstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills to solve problems.

Level 4 -- Exceeds Standards - Student work demonstrates advanced knowledge and skills in the subject. Students creatively apply knowledge and skills to solve problems and evaluate the results.

Four Conditions Are Required For Making Adequate Yearly Progress (AYP):

1. At least $95 \%$ tested in reading and mathematics for every student group. If the current year participation rate is less than $95 \%$, this condition may be met if the average of the current and preceding year rates is at least $95 \%$, or if the average of the current and two preceding years is at least $95 \%$. Only actual participation rates are printed. If the participation rate printed is less than $95 \%$ and yet this school makes AYP, it means that the $95 \%$ condition was met by averaging.
2. At least $70.0 \%$ meeting/exceeding standards in reading and mathematics for every group. For any group with less than $70.0 \%$ meeting/exceeding standards, a $95 \%$ confidence interval was applied. Subgroups may meet this condition through Safe Harbor provisions.***
3. For schools not making AYP solely because the IEP group fails to have $70.0 \%$ meeting/exceeding standards, $14 \%$ may be added to this variable in accordance with the federal $2 \%$ flexibility provision.
4. At least $90 \%$ attendance rate for non-high schools and at least $78 \%$ graduation rate for high schools.

* Includes only students enrolled as of 05/01/2008.
** Safe Harbor Targets of $70.0 \%$ or above are not printed.
***Subgroups with fewer than 45 students are not reported. Safe Harbor only applies to subgroups of 45 or more. In order for Safe Harbor to apply, a subgroup must decrease by $10 \%$ the percentage of scores that did not meet standards from the previous year plus meet the other indicators (attendance rate for non-high schools and graduation rate for high schools) for the subgroup. For subgroups that do not meet their Safe Harbor Targets, a 75\% confidence interval is applied. Safe Harbor allows schools an alternate method to meet subgroup minimum targets on achievement.

## PLANNED IMPROVEMENT FOR THE SCHOOL AND DISTRICT

This is the final section of the school report card in which your school and district provide information below on areas of success and areas for planned improvement based on your school's improvement plan.
(For report cards disseminated electronically, this information may be provided in a separate document due to differences in the software used. If you are unable to locate this document, please contact your local school or district office.)

Millburn C. C. District 24 is very proud of the continuing success in the following areas:
$\Rightarrow$ A curriculum in grades K-8 that is based on the Illinois Learning Standards, the Illinois Performance Standards, and best practices in instruction;
$\Rightarrow$ A gifted education program guided by a comprehensive plan and whose curriculum is aligned with the Illinois Learning Standards and uses the current best practices in gifted education;
$\Rightarrow$ A middle school program for grades 6-8 that is based on best practices in working with adolescences. The curriculum offers an integrated curriculum that gives meaning to the academic program. The program includes advisory-related activities, exploratory classes, and emphasizes service to others;
$\Rightarrow$ A School Improvement Plan based on data-based decisions that enables us to differentiate more effectively and to better meet the needs of all of our students;
$\Rightarrow$ A district-wide, computer-based, testing program called MAP from the Northwest Evaluation Association that provides teachers, students, and parents with an accurate assessment of student progress in mastering the basic skills;
$\Rightarrow$ The implementation of the Response to Intervention Problem Solving model to support the growth and development of all our students in the areas of reading and math;
$\Rightarrow$ The focus on differentiation of instruction in the area of district staff development, internet graduate classes, and staff development from the Regional Office of Education;
$\Rightarrow$ Areas of planned improvement will include but are not limited to the following:

- To increase the numbers of students who fall into the "exceeds" categories of the ISAT
- To maintain or increase the number of students scoring in the combined "meets" and "exceeds" categories of ISAT

State and federal laws require public school districts to release report cards to the public each year. Starting in 2009, charter school information is included in district statistics.

Low-income students come from families receiving public aid; live in institutions for neglected or delinquent children; are supported in foster homes with public funds; or are eligible to receive free or reduced-price lunches.

Limited-English-proficient students are those students eligible for transitional bilingual programs. Mobility rate is based on the number of times students enroll in or leave a school during the school year. Chronic truants are students who are absent from school without valid cause for 18 or more of the last 180 school days.

## SGHOOL DISTRICT FINANGES

** Due to the way Illinois school districts are configured, state averages for equalized assessed valuation per pupil and total school tax rate per $\$ 100$ are not provided.
Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated.
Total school tax rate is a district's total tax rate as it appears on local property tax bills.
Instructional expenditure per pupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.
Operating expenditure per pupil includes the gross operating cost of a school district excluding summer school, adult education, bond principal retired, and capital expenditures.

## AGADEMIC PERFORMANCE

## OVERALL STUDENT PERFORMANCE

These charts present the overall percentages of state test scores categorized as meeting or exceeding the lllinois Learning Standards for your school, district, and the state. They respresent your school's performance in reading, mathematics, and science.

The 2007-08 school year was the first time that Limited English Proficient (LEP) students took the ISAT or PSAE (with accommodations) instead of the IMAGE test. Therefore, any comparisons with prior year's achievement levels for LEP students should be made with appropriate caution.

## ISAT PERFORMANCE

These charts provide information on attainment of the Illinois Learning Standards. They show the percents of student scores meeting or exceeding Standards for the grades and subjects tested on ISAT.

ISAT Grade 5

## PERFORMANCE ON STATE ASSESSMENTS

Federal law requires that student achievement results for reading, mathematics, and science for schools providing Title I services be reported to the general public.

The Illinois Standards Achievement Test (ISAT) is administered to students in grades 3 through 8 . The Prairie State Achievement Examination (PSAE) is administered to students in grade 11. The Illinois Alternate Assessment (IAA) is administered to students with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the ISAT or PSAE would not be appropriate.

Students with disabilities have an IEP (No Child Left Behind Act). An IEP is a written plan for a child with a disability who is eligible to receive special education services under the Individuals with Disabilities Education Act.

Reading and Mathematics are tested in grades 3 through 8 and 11. Science is tested in grades 4, 7, and 11.
In order to protect students' identities, test data for groups of fewer than ten students are not reported.

## ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT)

The following tables show the percentages of student scores in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

Level 1 -- Academic Warning - Student work demonstrates limited knowledge and skills in the subject. Because of major gaps in learning, students apply knowledge and skills ineffectively.

Level 2 -- Below Standards - Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students apply knowledge and skills in limited ways.

Level 3 -- Meets Standards - $\quad$ Student work demonstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills to solve problems

Level 4 -- Exceeds Standards - Student work demonstrates advanced knowledge and skills in the subject. Students creatively apply knowledge and skills to solve problems and evaluate the results.

Four Conditions Are Required For Making Adequate Yearly Progress (AYP):

1. At least $95 \%$ tested in reading and mathematics for every student group. If the current year participation rate is less than $95 \%$, this condition may be met if the average of the current and preceding year rates is at least $95 \%$, or if the average of the current and two preceding years is at least $95 \%$. Only actual participation rates are printed. If the participation rate printed is less than $95 \%$ and yet this school makes AYP, it means that the $95 \%$ condition was met by averaging.
2. At least $70.0 \%$ meeting/exceeding standards in reading and mathematics for every group. For any group with less than $70.0 \%$ meeting/exceeding standards, a 95\% confidence interval was applied. Subgroups may meet this condition through Safe Harbor provisions. ***
3. For schools not making AYP solely because the IEP group fails to have $70.0 \%$ meeting/exceeding standards, $14 \%$ may be added to this variable in accordance with the federal $2 \%$ flexibility provision.
4. At least $90 \%$ attendance rate for non-high schools and at least $78 \%$ graduation rate for high schools.

* Includes only students enrolled as of 05/01/2008.
** Safe Harbor Targets of 70.0\% or above are not printed.
${ }^{* * *}$ Subgroups with fewer than 45 students are not reported. Safe Harbor only applies to subgroups of 45 or more. In order for Safe Harbor to apply, a subgroup must decrease by $10 \%$ the percentage of scores that did not meet state standards from the previous year plus meet the other indicators (attendance rate for non-high schools and graduation rate for high schools) for the subgroup. For subgroups that do not meet their Safe Harbor Targets, a 75\% confidence interval is applied. Safe Harbor allows schools an alternate method to meet subgroup minimum targets on achievement.

State and federal laws require public school districts to release report cards to the public each year.
Starting in 2009, charter school information is included in district statistics.

Low-income students come from families receiving public aid; live in institutions for neglected or delinquent children; are supported in foster homes with public funds; or are eligible to receive free or reduced-price lunches.

Limited-English-proficient students are those students eligible for transitional bilingual programs. Mobility rate is based on the number of times students enroll in or leave a school during the school year. Chronic truants are students who are absent from school without valid cause for 18 or more of the last 180 school days.

EXPENDITURE BY FUND 2007-08
** Due to the way Illinois school districts are configured, state averages for equalized assessed valuation per pupil and total school tax rate per $\$ 100$ are not provided.
Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated.
Total school tax rate is a district's total tax rate as it appears on local property tax bills.
Instructional expenditure per pupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.
Operating expenditure per pupil includes the gross operating cost of a school district excluding summer school, adult education, bond principal retired, and capital expenditures.

## ACADEMIC PERFORMANGE

## OVERALL STUDENT PERFORMANCE

These charts present the overall percentages of state test scores categorized as meeting or exceeding the lllinois Learning Standards for your school, district, and the state. They respresent your school's performance in reading, mathematics, and science.

The 2007-08 school year was the first time that Limited English Proficient (LEP) students took the ISAT or PSAE (with accommodations) instead of the IMAGE test. Therefore, any comparisons with prior year's achievement levels for LEP students should be made with appropriate caution.

## ISAT PERFORMANCE

These charts provide information on attainment of the Illinois Learning Standards. They show the percents of student scores meeting or exceeding Standards for the grades and subjects tested on ISAT.

## PGRFORMANCE ON STATE ASSESSMENTS

Federal law requires that student achievement results for reading, mathematics, and science for schools providing Title I services be reported to the general public.

The Illinois Standards Achievement Test (ISAT) is administered to students in grades 3 through 8. The Prairie State Achievement Examination (PSAE) is administered to students in grade 11. The Illinois Alternate Assessment (IAA) is administered to students with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the ISAT or PSAE would not be appropriate.

Students with disabilities have an IEP (No Child Left Behind Act). An IEP is a written plan for a child with a disability who is eligible to receive special education services under the Individuals with Disabilities Education Act.

Reading and Mathematics are tested in grades 3 through 8 and 11. Science is tested in grades 4, 7, and 11.
In order to protect students' identities, test data for groups of fewer than ten students are not reported.

## ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT)

The following tables show the percentages of student scores in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

| Level 1 -- Academic Warning - | Student work demonstrates limited knowledge and skills in the subject. Because of major gaps in learning, students apply <br> knowledge and skills ineffectively. |
| :--- | :--- |
| Level 2 -- Below Standards - $\quad$Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students <br> apply knowledge and skills in limited ways. |  |
| Level 3 -- Meets Standards - $\quad$Student work demonstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills <br> to solve problems. |  |
| Level 4 -- Exceeds Standards - $\quad$Student work demonstrates advanced knowledge and skills in the subject. Students creatively apply knowledge and skills <br> to solve problems and evaluate the results. |  |

Four Conditions Are Required For Making Adequate Yearly Progress (AYP):

1. At least $95 \%$ tested in reading and mathematics for every student group. If the current year participation rate is less than $95 \%$, this condition may be met if the average of the current and preceding year rates is at least $95 \%$, or if the average of the current and two preceding years is at least $95 \%$. Only actual participation rates are printed. If the participation rate printed is less than $95 \%$ and yet this school makes AYP, it means that the $95 \%$ condition was met by averaging.
2. At least $70.0 \%$ meeting/exceeding standards in reading and mathematics for every group. For any group with less than $70.0 \%$ meeting/exceeding standards, a $95 \%$ confidence interval was applied. Subgroups may meet this condition through Safe Harbor provisions. ***
3. For schools not making AYP solely because the IEP group fails to have $70.0 \%$ meeting/exceeding standards, $14 \%$ may be added to this variable in accordance with the federal $2 \%$ flexibility provision.
4. At least $90 \%$ attendance rate for non-high schools and at least $78 \%$ graduation rate for high schools.

* Includes only students enrolled as of 05/01/2008.
** Safe Harbor Targets of $70.0 \%$ or above are not printed.

[^3]
[^0]:    * Enrollment as reported during the testing windows for grades 4, 7, and 11.

[^1]:    * Enrollment as reported during the testing windows for grades 4, 7, and 11.

[^2]:    * Enrollment as reported during the testing windows for grades 4, 7, and 11

[^3]:    *** Subgroups with fewer than 45 students are not reported. Safe Harbor only applies to subgroups of 45 or more. In order for Safe Harbor to apply, a subgroup must decrease by $10 \%$ the percentage of scores that did not meet state standards from the previous year plus meet the other indicators (attendance rate for non-high schools and graduation rate for high schools) for the subgroup. For subgroups that do not meet their Safe Harbor Targets, a 75\% confidence interval is applied. Safe Harbor allows schools an alternate method to meet subgroup minimum targets on achievement.
