To: Board of Education Members

Subject: Consent Agenda

Proposed Action by the Board of Education

Approve the consent agenda as presented.

Background

As a reminder, anyone wishing to pull anything from the consent agenda and have it discussed or simply voted on as a separate item, only needs to say so prior to the motion being made.

The personnel report consists of hiring three substitutes.

Each year, we are required to approve the official Illinois School Report Card. That is attached for your review.

We have a second reading and approval of policies as last discussed.
