

OFFICE OF THE SUPERINTENDENT

Millburn Public Schools

INFORMATION ITEM

September 7, 2010

To: Board of Education Members

From: Ellen E. Mauer, PhD

Subject: District Priorities Discussion

It was suggested that we take some time for a BOE discussion regarding priorities. We would like to affirm where people feel they stand as to what is most important to our district and our constituents. It was thought that this would be helpful in discussing the possible scenarios that were presented last time.

The administrative team stands ready to assist you in any way, either to answer questions or to provide information regarding educationally sound plans and impacts of any of the scenarios that were discussed.
