

## Reteaching Activity 1-4

### Outlining a Decision

You and a friend have decided to study together for your health test. Your friend has helped you by starting an outline of the decision-making process. Help your friend by filling in the rest of the outline.

**Directions:** Fill in the important points under each heading of the outline. Review pages 16–19 in your textbook if you need help.

#### Lesson 4: Making Responsible Decisions

##### I. Your Decisions Count

- A. \_\_\_\_\_ are *choices* that you make. Some are small. Others are large. They can have serious \_\_\_\_\_, or *results*.

##### 1. Risk Factors

- B. Any decision that involves \_\_\_\_\_ to your health is an important one. Think carefully about these decisions.

##### II. The Decision-Making Process

- A. **Step 1:** State the \_\_\_\_\_
- B. **Step 2:** \_\_\_\_\_
- C. **Step 3:** Weigh the Possible Outcomes
- D. **Step 4:** Consider Values
- E. **Step 5:** Make a Decision and Act on It
- F. **Step 6:** \_\_\_\_\_ the Decision

##### III. Decisions Large and Small

##### A. Questions to Ask

1. Will my decision affect anyone besides \_\_\_\_\_?
2. Will there be any \_\_\_\_\_ from my action?
3. Will my decision hurt anyone or \_\_\_\_\_?
