

Millburn School & Community Garden *Organic Plant Sale*

May 20, 2017, 9am – 1pm at Millburn Elementary School

Our students are EXCITED! Fourth graders, their teachers, and the kind folks at Tempel Farms Organics are busy preparing for our Annual Organic Plant Sale. The students have learned about the plant life cycle, planted the seeds, and repotted the seedlings for all plants. They will soon use their tech, entrepreneurial and marketing skills to bring this sale to fruition. Please support their efforts and the Millburn School & Community Garden by purchasing your garden plants from us.

All plants are organic. All proceeds go to the Garden. It's a win-win! And, we're offering ladybugs too! Ladybugs are a great beneficial insect to have in your garden. They eat other bugs, especially the larvae of aphids.

Note: Any plants not picked up by 1 pm on May 20th will be donated to the garden for educational programs.

Cash or Checks for payment

Flowers	Herbs & Vegetables	Native	Beneficial Bugs
